IDENTIFYING WHAT'S MOST IMPORTANT TO FOCUS ON

Our Community Plan 2016-2032 articulates our community's vision of **Thriving Communities**.

This plan identifies our community needs, priorities, and aspirations. It reflects on what our community told us during extensive engagement undertaken in 2015.

Every four years, Council prepares a Strategic Plan that keeps us on track to delivering your vision.

We are in the process of planning for our next four years and are wanting to work together with the community to make sure we're on the right track.

We aren't coming to you with a blank page. Instead we are coming to you to ask you what you think are **the most important things that Council needs to be focusing on in the next 4 years** in order to keep working towards your vision of **Thriving Communities**.

We are looking forward to hearing what your priorities are and using these to inform the development of

**The Rural City of Murray Bridge
Strategic Plan 2024 - 2028.**
